

EasyWine

EasyWine è un sistema di ripiani attrezzati, completo di montanti, per riporre e mostrare il vino. Realizzato in alluminio verniciato e legno di frassino, si fissa alla parete, appoggiato al pavimento su piedini regolabili. Adatto per la cucina, il living e la cantina. I ripiani portabottiglie possono essere provvisti di LED a 24V, 3000K, alimentati da binari elettrificati celati nei montanti. L'ampia gamma modulare, che consente composizioni da 600 fino a 4800 mm di lunghezza e la semplicità del montaggio rendono EasyWine un sistema flessibile e adattabile a molteplici interpretazioni.

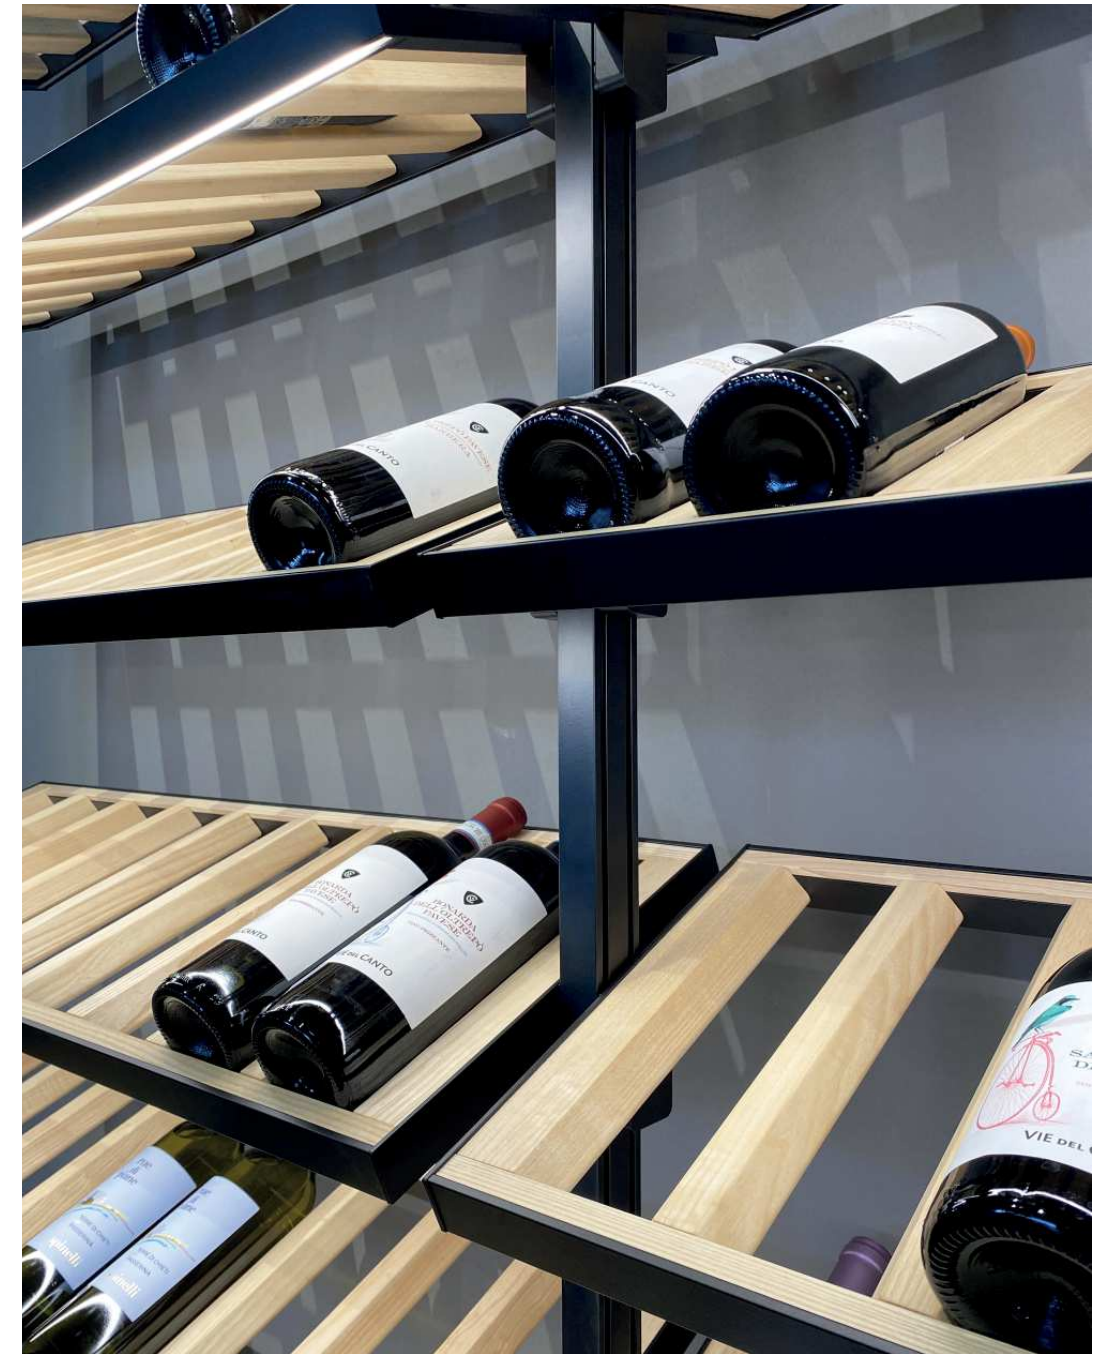

EasyWine is a system of equipped shelves, complete with uprights, to store and display the wine bottles. Made of painted aluminum and wood of ash, is fixed to the wall, resting on the floor on adjustable feet. Suitable for the kitchen, the living room and the cellar. The bottle shelves can be equipped with 24V, 3000K LEDs, powered by electrified tracks hidden in the uprights. The wide modular range, which allows compositions from 600 up to 4800 mm in length and the simplicity of assembly make EasyWine a flexible system that can be adapted to different interpretations.

technical info

I moduli singoli EasyWine, di 600, 750, 900, 1050, 1200 mm, possono essere liberamente aggregati tra loro per formare composizioni con passo progressivo di 150 mm.

I montanti pavimento/parete, sono collegati tra loro dal profilo di fissaggio a parete, che ospita i driver e garantisce la continuità elettrica.

I 6 ripiani portabottiglie EasyWine sono collocati a 280 mm di interasse tra loro in altezza.

The EasyWine single modules, of 600, 750, 900, 1050, 1200 mm, can be freely aggregated together to form compositions with 150 mm pitch.

The floor/wall uprights are connected to each other by the wall fixing profile, which houses the drivers and guarantees electrical continuity.

The 6 EasyWine bottle shelves are placed at 280 mm of center distance in height.

La forma trapezoidale dei listelli separatori in legno e il loro interasse di 89 mm consentono di ospitare bottiglie di diametro da 65 a 85 mm.
The trapezoidal shape of the wooden separator strips and their 89 mm center-to-center distance allow them to accommodate bottles with a diameter from 65 to 85 mm.
